WHOLESALE · WHITE LABEL · 2026

Premium CBD oil, made to be resold with confidence.

Five strengths, two sizes, a third-party certificate on every batch and a 20-unit minimum. Oils only — nothing in the range that complicates a listing.

Excerpt from an SC Labs certificate of analysis (potency test). The full report is available on request.

A certificate for every batch

Each production batch is tested by an independent laboratory (SC Labs, USA) for cannabinoid potency. The certificate for the batch you receive is available on request and published on canasity.com, so your customers can check the number on the label against the lab result.

Facility

Oils are formulated under GMP and ISO 9001:2015 in an FDA-registered facility, from US-grown hemp.

Range discipline

Oils only. No flowers, no resin, no vapes — a range that fits a pharmacy, plafar, health-food shelf or a curated e-shop without exceptions.
